ADDITIONAL INFORMATION

- Papers must be submitted electronically following Springer's guidelines and technical instructions for preparing proceedings papers.
- Submissions should range from 6 to 8 pages, include original and unpublished material, and be uploaded via the EasyChair platform.
- External reviewers will evaluate the papers based on their originality, relevance, and technical content.
- We are applying for the papers to be published in the Springer's Lecture Notes in Networks and Systems book series, as it has been customary.

We look forward to seeing you in Queretaro!
